

# Dark Passenger

Jamie Barnes

**Am9 Am6add9/D Gmaj7 G6**

What is this voice that trails behind me  
Breathing blameful lies?  
I fail to shake its shadow from me  
With strength that's not divine

Why do these hands withdraw from worship  
And battle your embrace  
They clench in anger far too often  
And seldom stretch in faith.....**Dm7 into chorus**

## Chorus:

**Cmaj7 G D/F#**

Dear God dismiss the dark passenger  
Who commandeers this wayward will  
And makes my life a hell

**C#m11 Cmaj7-5 B9sus4 A6**

But a cross still stands to meet all demands

**G#+7 C#7-13 F#m (walkdown riff)**

And deepest straits of my soul

Oh this tongue so feral and fooled  
In wicked wantonness  
I'm not weaned off the taste of vainglory  
That spoils my thirst for you

Oh my crucified but not yet  
Fully faded sin  
All are abolished and all are forgiven  
But still the rise again
