Is this the way we repay our God?
D **Dm(F)** **C**
Who among us has he not made?
D **Dm(F)** **C**
Forsaking His face for the sculpted things
D **Dm(F)** **C**
we have shaped with our evil hands.

And where are they now?
B_bmaj7 **A**
Our worthless golden cows?
B_bmaj7 **A** **G–D/F#–A (x2)**
His swift and jealous arm has thrown them down.

G **D/F#** **A**
Lift up your eyes little ones
Rejoice, chosen sons
For his thirsty sword is quenched, dispatching all our sin
With His redeeming love, with his redeeming love.

Is this the way we repay our God?
Who among us can he not save?
We distilled our drink from the fangs of snakes
That glide in the fallow dust

And where are they now?
Our silent, golden cows.
His anger melt them down.
And we drank them till we drowned
Only Christ pure blood can flush the poison out
